Best wishes,

Vilawan Hawkes
White House Home Manager

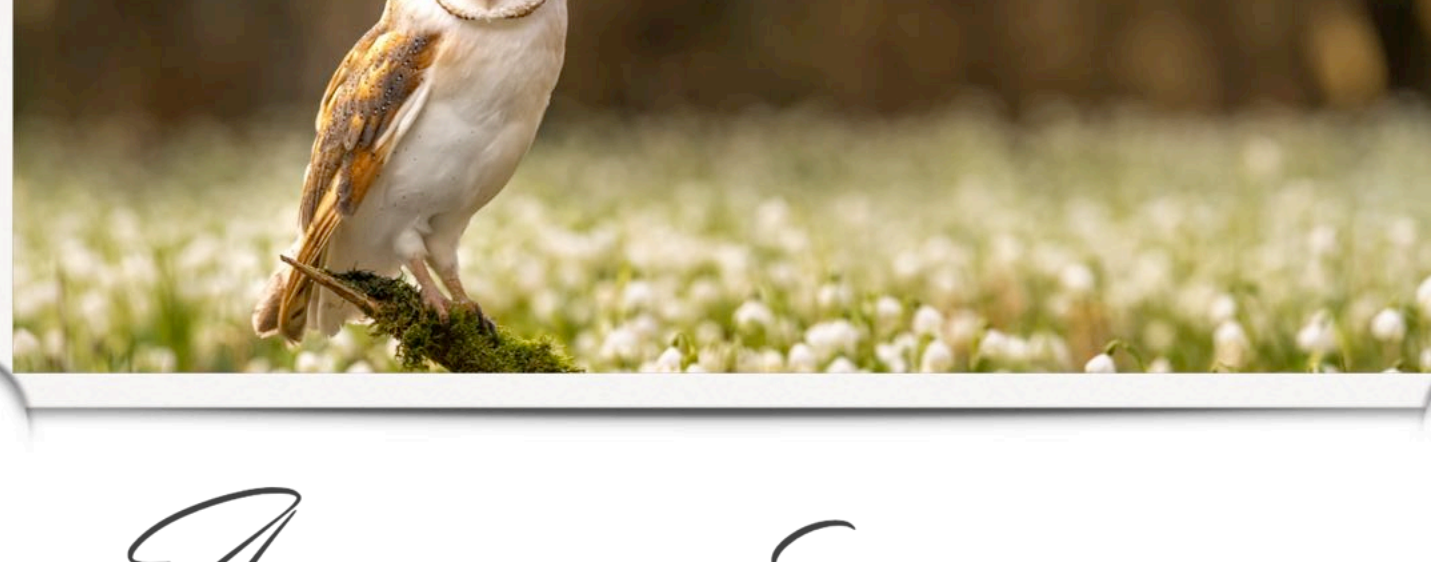

Vilawan Hawkes – New Manager

We are delighted to announce the appointment of Vilawan Hawkes as the new Manager of White House. With over 30 years of experience in the care sector, she began her career as a carer and progressed to become a registered manager, holding a Level 4 NVQ qualification in Leadership in Care and Management.

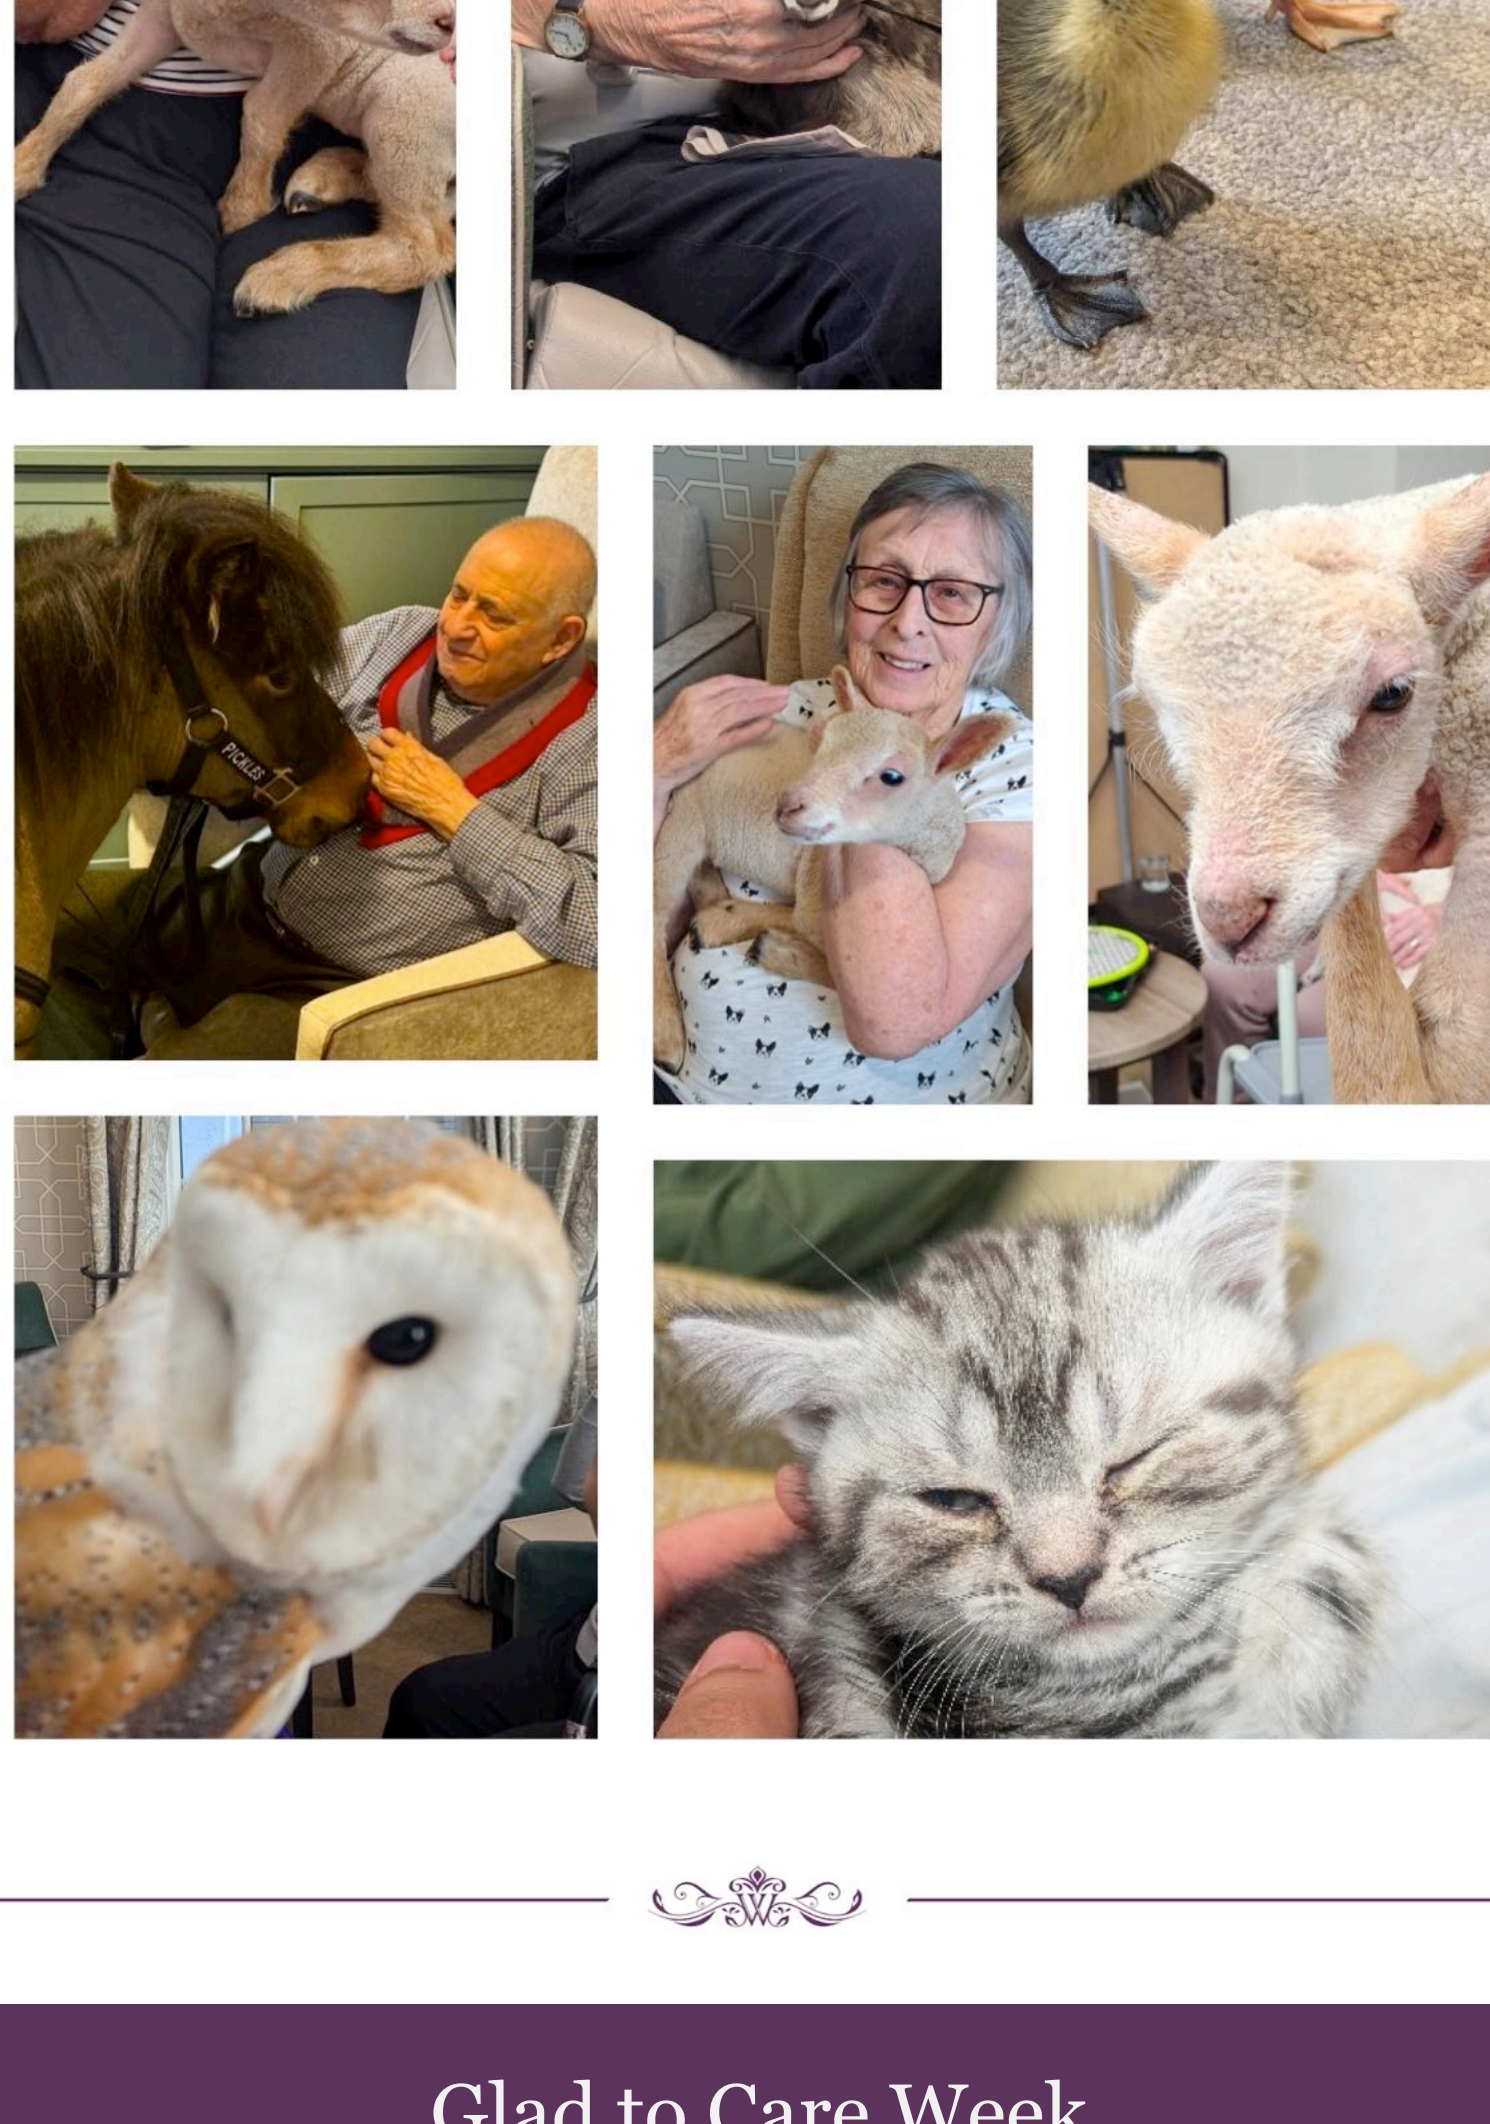

Originally from Thailand, Vilawan brings her warm, family-focused values and a passion for hospitality to the home. She is dedicated to leading the team at White House in providing exceptional, compassionate care within an environment where every resident's well-being comes first.

Animal Therapy

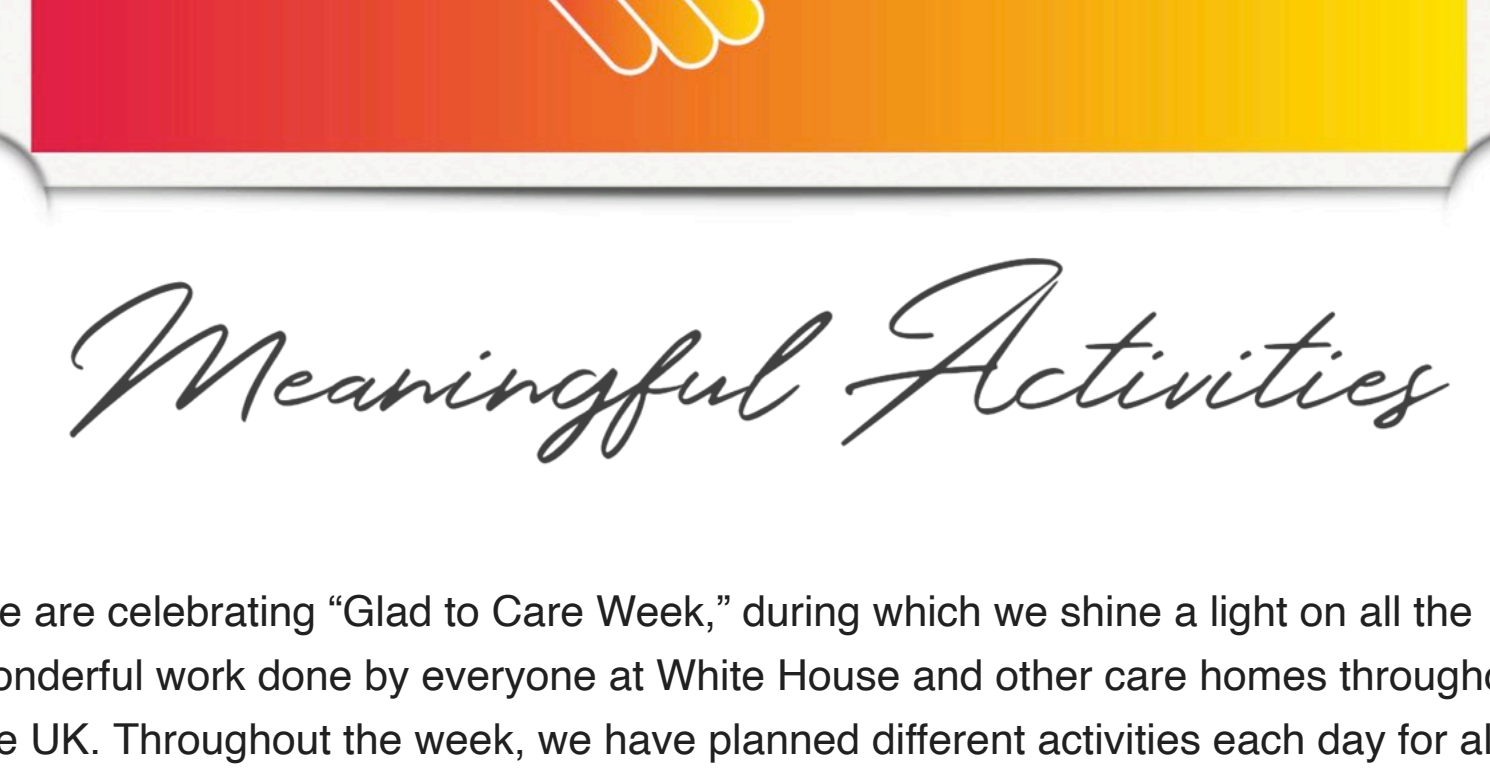

Amazing Experience

We are still having our regular animal visits as requested by residents at the beginning of the year. We have had so many different animals visit us already this year that we can't think of what will turn up next. Every animal has brought absolute joy to our residents while providing the therapeutic benefits that these visits bring. Recently, our residents enjoyed a joyful visit from some adorable little lambs and ponies.

Glad to Care Week

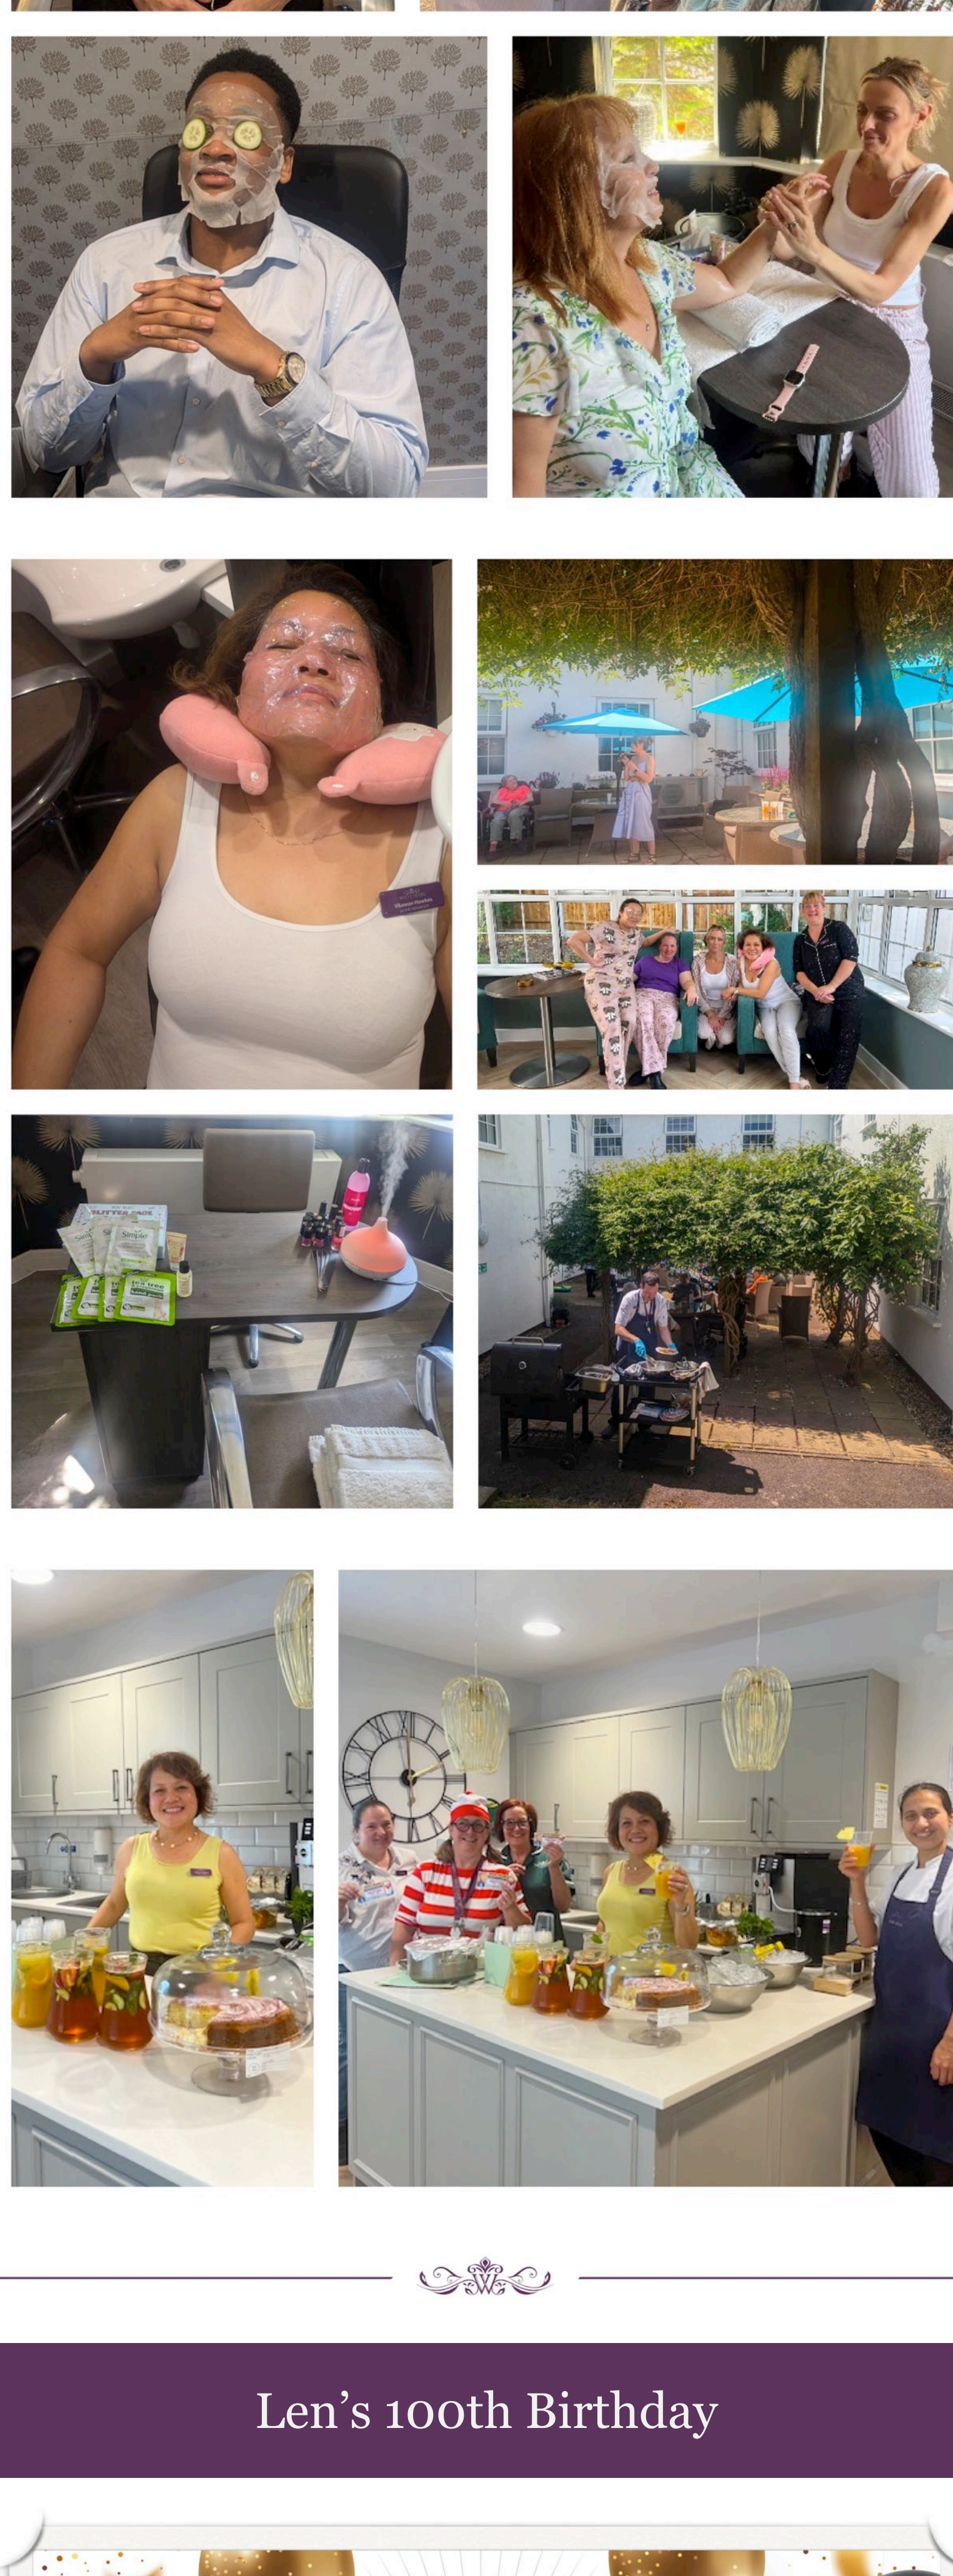

Meaningful Activities

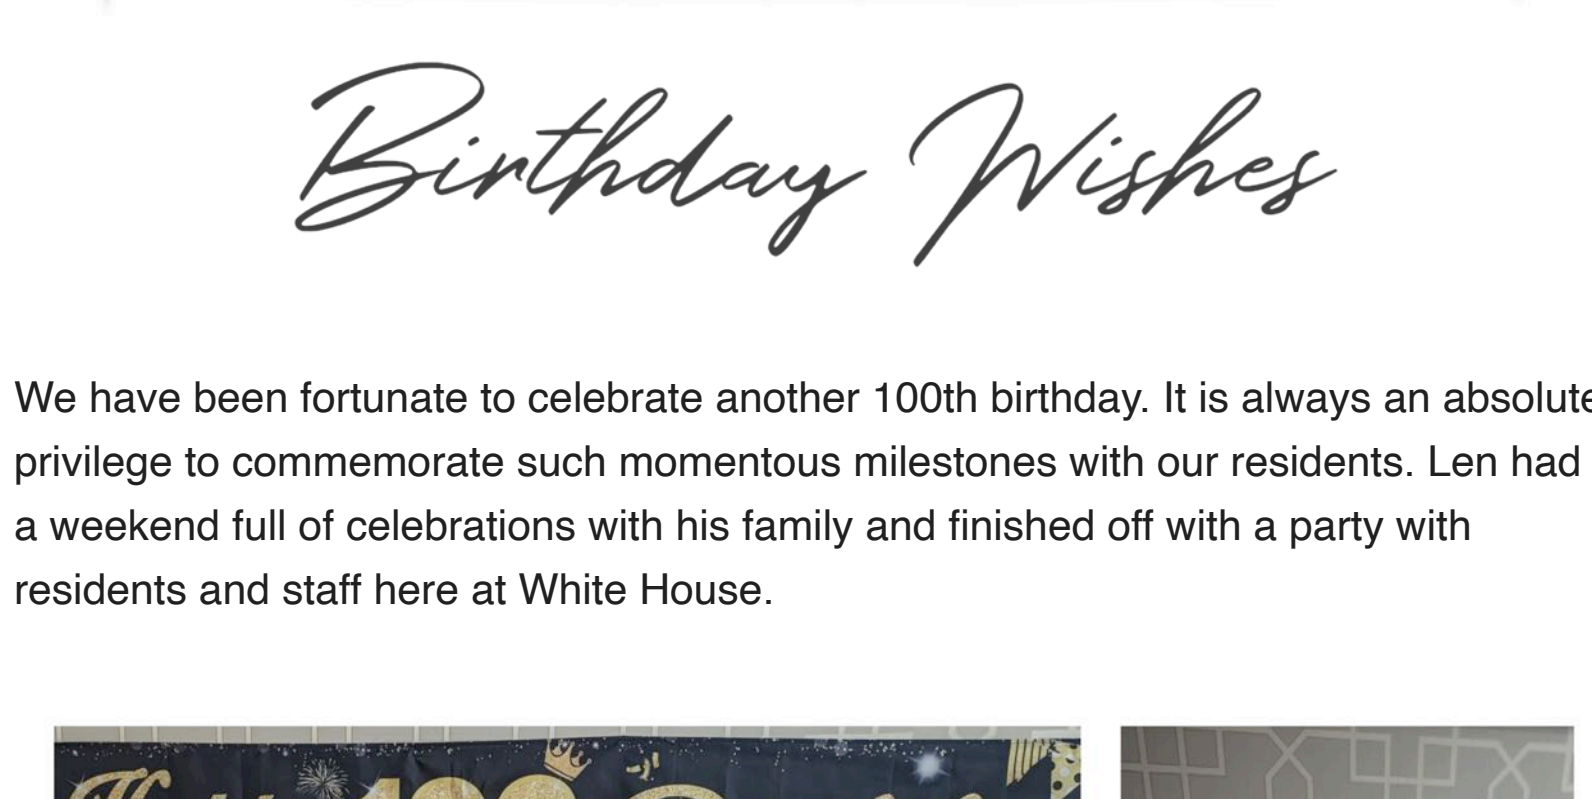

We are celebrating "Glad to Care Week," during which we shine a light on all the wonderful work done by everyone at White House and other care homes throughout the UK. Throughout the week, we have planned different activities each day for all to share and enjoy. We celebrate Motivation Monday, Tasty Tuesday, Wellbeing Wednesday, Tasty Thursday, and Feelgood Friday.

We have had a blast so far, with Wellbeing Wednesday being a day for all staff and residents to sit back and relax. We had a spa morning with massages, nail painting, facials, and face masks. A gorgeous BBQ was then prepared and enjoyed in the courtyard. Residents and staff dined together, chatting and devouring the delicious food. In the afternoon, we were then joined by Eirlys, one of the regular singers who visit the home.

Tasty Thursday and Feelgood Friday were also full of delicious fun and wellbeing surprises. Glad to Care Week is all about connection, appreciation, and community, and we're proud to have celebrated it in such a meaningful way with those who make our home so special.

Len's 100th Birthday

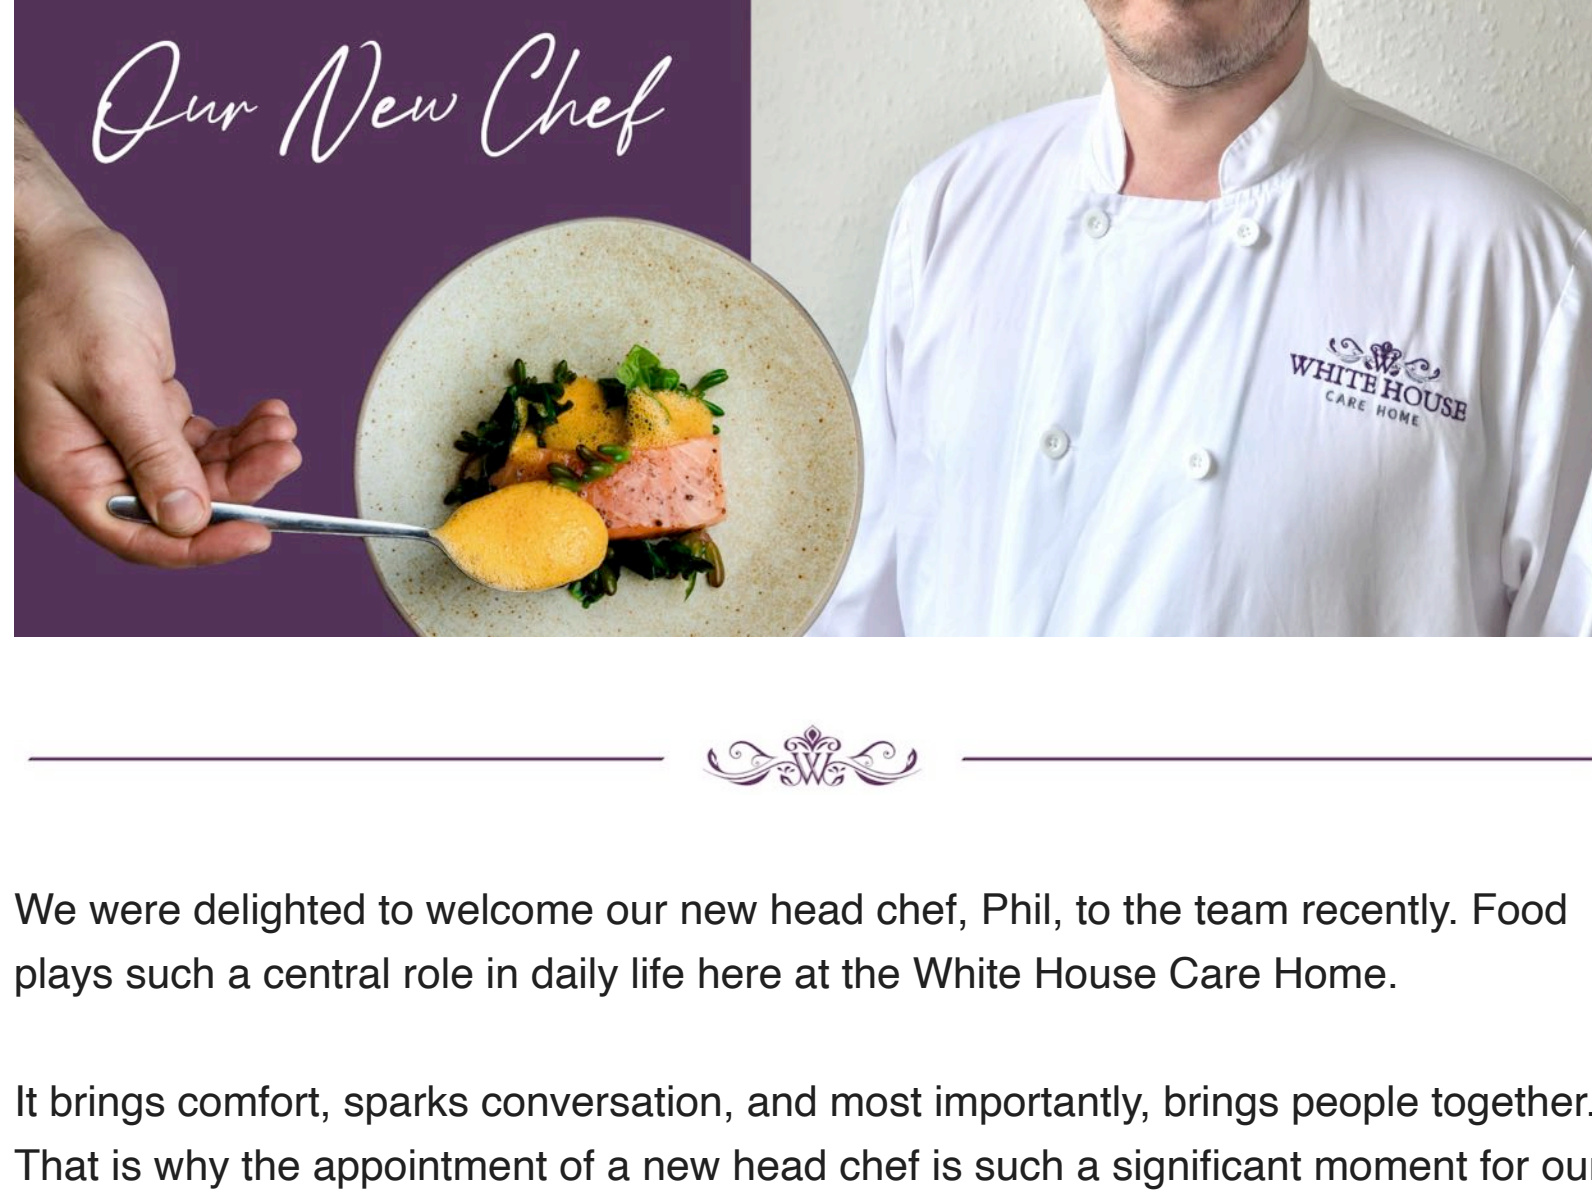

Birthday Wishes

We have been fortunate to celebrate another 100th birthday. It is always an absolute privilege to commemorate such momentous milestones with our residents. Len had a weekend full of celebrations with his family and finished off with a party with residents and staff here at White House.

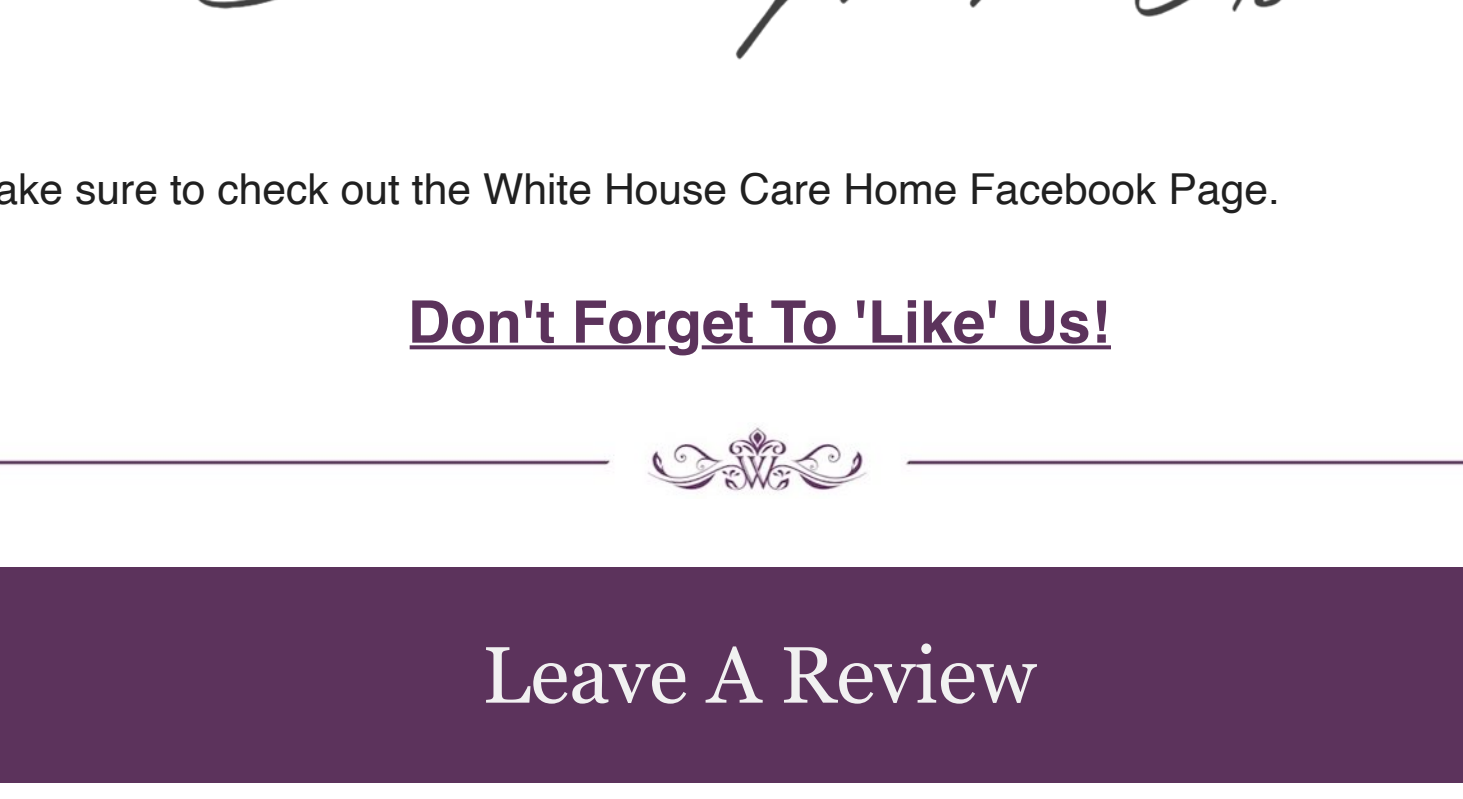

Staff News

We were delighted to welcome our new head chef, Phil, to the team recently. Food plays such a central role in daily life here at the White House Care Home.

It brings comfort, sparks conversation, and most importantly, brings people together. That is why the appointment of a new head chef is such a significant moment for our residents and team. Phil has already made a great impression, and we are all enjoying the culinary creativity and delicious meals he is bringing to the dining room (<https://www.whitehousecare.co.uk/our-home/dining/>).
