ACTIVITIES & EVENTS

Christmas Preparation

Christmas is in full swing here at White House. The Christmas trees have been put up and beautifully decorated in different areas of the home. We have been getting crafty and making decorations to display throughout the home.

Animal Visits

Last year, our residents requested that we keep up with the regular animal visits, which we have been able to do. We had a visit from Arthur and Pickles, the therapy ponies, who came dressed for the festive season. As always, they were welcomed with open arms and given plenty of polos during their travels visiting all the residents.

We had an absolute joy when we received a visit from Ringo the meerkat. For many of our residents and staff, this was their first encounter with a meerkat, and it was incredible to watch. A meerkat visit is more than just fun; it's a chance to connect with nature, learn about ecological balance, and support conservation. Whether you're watching them stand tall as sentinels or hearing about their role in pest control, the benefits ripple from personal joy to global awareness.

Varied Activities

The activities team is diligent in planning a wide variety of person centred and group centred activities, such as bingo, quizzes, and gentle exercise to music classes. These activities offer vital social interaction, combat isolation, improve mood, and stimulate cognitive function while helping residents retain skills.

NEWS & UPDATES

Planning for 2026

We are already busy making plans for 2026. We have asked residents to make suggestions, and we are putting the wheels in motion to ensure we have everything planned and in the diary for the coming year.
